DAFFODIL SHOW
APRIL 19-20 AT
WOODWARD & LOTHROP

HERMITAGE GARDENS
EDWIN C. POWELL
8637 Colesville Road
SILVER SPRING
MD.

God Almighty first planted a garden, and, indeed, it is the purest of human pleasures. It is the greatest refreshment to the spirits of man, without which buildings or palaces are but gross handiworks. And a man should ever see that when ages grow to civility and elegancy men come to build stately sooner than to garden finely, as if gardening were the greater perfection.—LORD BACON.

The daffodils offered herein are new and standard varieties of the better kinds, comprising the best of the European originations. By planting a suitable selection, including the earliest and latest varieties, you can have Daffodils blooming in your garden from 6 to 8 weeks.

Plant Daffodils in early September, if possible, as they make root growth in early fall, but they may be planted at any time after digging in July until the ground freezes. In a mixed border plant three or more bulbs of a variety 6 to 8 inches apart and 4 to 5 inches deep, according to size of bulb and character of soil—deeper in light than in heavy soils. Leedsii's, white Trumpets, Poets, and bicolors produce the finest flowers when grown in partial shade.

Breeding daffodils is my hobby, and each year several thousand seedlings come into bloom. Inspection is invited during the blooming season in April of the seedlings from controlled crosses, as well as the collection of 400 varieties. All the popular classes, but especially the Triandrus hybrids, are represented among the seedlings by many outstanding individuals. The entire stock (clon) of new seedling varieties is offered at moderate prices.

Double-nosed Daffodil bulbs will be supplied, and prices are per bulb unless otherwise stated. Orders accepted subject to crop and previous sale. If any variety is sold out I will substitute a variety of similar character and value unless the purchaser instructs otherwise.

YELLOW TRUMPETS

Division 1a. *Trumpet or crown as long as or longer than the perianth segments. Yellow or lemon-colored trumpets, and perianth of the same shade or lighter (but not white).*

Aerolite. Large flower beautifully proportioned, with deep-primrose, broad, flat, pointed perianth, and medium yellow trumpet. 2 for 25c.

Alasnam. An upright, very early flower with a wide, short, densely frilled, deep-yellow trumpet that is a shade darker than the perianth. Each 25c.

Bulwark. Very large and imposing rich yellow flower of great substance. Much overlapping perianth of great size and breadth, standing well at right angles to the bold, large trumpet. Each \$4.00.

Christmas Glory. The earliest yellow Trumpet, opening a day or two before Golden Spur. Medium size; deep yellow; good form. Each 25c.

Cleopatra. Large and of perfect form and color. Very broad imbricated perianth and bold deep-yellow trumpet. Fine show flower. Each 25c.

Cornelia. Soft canary yellow, expanded trumpet; and broad, smooth perianth. Desirable garden variety of Emperor type. 3 for 50c.

Dawson City. A superb large flower of faultless form and fine quality. Soft, uniform yellow; strong grower and free bloomer. Each \$1.00.

Duchanel. A beautifully balanced flower of giant size; widely flaring trumpet deeply frilled; a clear self-yellow. Very late. Each 40c.

Emperor. Deep primrose perianth; rich yellow trumpet. The most popular of the older varieties. Hardy, free-flowering, prolific. Doz. \$1.25.

Endor. A well-formed flower of good substance and very beautiful, distinct color—lovely clear pale sulphur-lemon throughout. Each \$1.50.

Fred Howard. A flower of delicate harmony in form and color; slightly lighter colored than King Alfred. Soft sulphur-yellow flat perianth; trumpet with deeply serrated brim nicely pleated. Each 30c.

Godolphin. A show flower of high quality. Very broad, overlapping, perfectly smooth perianth segments pointing slightly forward; large trumpet widely expanded at the mouth. Uniform clear yellow. Early. Each \$7.50.

Golden Flag. A very large flower of great substance, broad, pointed perianth, and of the deepest rich gold self. Very strong foliage of a remarkably fine deep blue-green. A very telling garden plant. Each \$1.00.

Go'den King. A rich golden-yellow self; broad, flat, overlapping perianth segments; refined, bold trumpet well frilled at mouth. A well-balanced flower with strong stems of medium height. Each 25c.

Harold Beale. An almost perfect flower of the color and type of Emperor but very much larger. Very prolific and free flowering. Each 25c.

Hebron. A flower of beautiful form and the highest quality. Broad, clean-cut perianth and perfectly proportioned trumpet which has a well-flanged, evenly and deeply serrated brim. The color is deep, pure "King Alfred" gold throughout. Each \$6.00.

Kandahar. An early, gorgeous, and most striking giant Trumpet of immense size, great substance, and deep, solid, self-gold color; immense vase-shaped trumpet and wide-spread perianth. Very tall and strong. A show flower and superb garden plant. Each \$15.00.

King Alfred. The most popular yellow Trumpet. Large size, fine substance, refined finish and uniform intense rich golden-yellow color. A tall, vigorous grower and free bloomer. Dozen \$1.50.

King of the North. A grand clear yellow of largest size, very broad overlapping perianth and fine expanded trumpet with well-serrated brim. Very striking and valuable for breeding. Each \$2.00.

Lord Antrim. A noble self-golden flower of great size, stature, substance, and quality; broad, gracefully waved perianth; boldly flanged and serrated trumpet. Very thick, smooth texture, and tall, strong stem. Each \$6.00.

Lord Roberts. Large golden-yellow flowers with broad, massive perianth and a noble trumpet. Tall; free bloomer, with strong constitution. An improved Emperor. Each 40c.

Maryland. A late, well-proportioned flower that lasts a long time. Yellow perianth and clear, golden yellow trumpet. Each 25c.

Matamax. Strong growing, very tall and late King Alfred seedling of clean golden color and good substance. 3 for 50c.

Michael. A splendid, deep golden yellow of excellent form and substance. Out of King Alfred and one of the best. Each 75c.

M. J. Berkeley. Slightly twisted perianth segments and well-frilled, wide, open trumpet. One of the best for deep, rich color. Stock scarce. Each 25c.

Monarch. Noble flower of model form and good substance. Large trumpet and perianth of full rich yellow. Strong, sturdy grower. 3 for 50c.

Moongold. A most lovely and distinct flower of fine quality and remarkably stiff, waxy substance. Broad, smooth, pointed perianth, and well-balanced trumpet which has a beautifully rolled brim. A very pleasing and distinct deep, soft lemon or sulphury gold self. Each \$15.00.

Moonlight. A flower of unusual color. Long, flaring, light lemon-yellow trumpet well expanded at the brim. Broad, well overlapping, shovel-pointed perianth segments. Vigorous; prolific. Each 40c.

Mount Royal. Wide spreading trumpet; perianth having three base petals extra wide, the three inner being narrower and more curved, making a particularly well-formed, attractive flower. Each \$4.00.

Obvallaris. The true Tenby daffodil. Medium sized, early, rich yellow, and of pleasing symmetry. Excellent for naturalizing. Blooms over a long period. A rapid increaser. 2 for 25c.

Olympia. A showy and popular market variety with enormous, deep-yellow trumpet and bright-yellow perianth. 3 for 50c.

Oregon. Broad almond-shaped rich-yellow petals slightly overlapping and gracefully curved. Dark-yellow trumpet, broad, flaring, with frilled and serrated edge. Medium height. Each 40c.

Prospector. Probably the darkest yellow. Long trumpet with a neat flange at the mouth. Graceful perianth segments slightly twisted. Very lasting as a cut flower. Each \$1.00.

Robert Sydenham. A big, bold, rugged exhibition flower. Well-formed sulphur-yellow perianth; wide open trumpet with a fine, deeply frilled brim. Tall and vigorous. Each 25c.

Royalist. One of the most perfect show yellow Trumpets; faultless in form and flawless in its exquisite quality and wonderfully smooth, fine texture. Clear yellow of a tone similar to Cleopatra. Each \$15.00.

Sassenheim's Giant. An enormous flower with deeply serrated, flaring pure yellow trumpet. Tall, strong stems. Each 40c.

Sir Francis Drake. A very fine, early, yellow trumpet. Large, handsome, bold flower. Clear yellow. Each 30c.

The First. As early as Golden Spur but twice the size. Well-shaped sulphur-yellow flower of good form and substance. Each 50c.

The Perfect Gentleman. A flower of medium size and very attractive form with long rather narrow trumpet. In color purest gold of extraordinary depth and brilliancy. Each \$1.00.

Trumpet Major. A very early medium size, rather wingy yellow trumpet found around the old mansions of Virginia where it has grown undisturbed for more than 75 years. Doz. 75c.

Van Waveran's Giant. Enormous in size; primrose perianth and bright yellow trumpet with open mouth flanged at the brim. Each 25c.

Warwick. A striking King Alfred seedling that is outstanding and very early. A refined flower with a star-shaped, golden-yellow perianth of great substance, and trumpet a shade deeper in color. Each 25c.

Whistler. A splendid flower with enormous petals, and broad trumpet; lustrous yellow. A great show and market variety. Each 75c.

Yukon. A big, late flower of deep velvety gold throughout; splendid, wide-spread perianth of big segments, and long noble trumpet. A magnificent plant with broad foliage, quite distinct in character. Each \$3.00.

WHITE TRUMPETS

Division 1b. *Varieties with white trumpet and perianth.*

Alice Knights. Earliest of the white Trumpets. A flower of medium size with white perianth and creamy white trumpet with prettily frilled mouth. Each 25c.

Beersheba. A flower of outstanding quality. Magnificent perianth at right angles to the large, open uplifted trumpet. Free bloomer, early, vigorous, and a rapid increaser. Each \$4.00.

Driven Snow. A beautiful variety with long, smooth trumpet and spreading perianth of good substance and smooth texture. On first opening the trumpet is faint primrose ivory, but very soon the whole flower passes to brilliant pure white throughout. Each \$1.25.

Eskimo. A well-built flower of great substance and very lasting. Broad perianth at right angles to the open-mouthed trumpet which is pale primrose on opening. Free of increase; vigorous. A beautiful garden plant. Each \$1.50.

Everest. One of the best white Trumpets. A grand large flower of purest white throughout, with broad, overlapping perianth standing at right angles to the trumpet which is beautifully finished with a neat flange at the brim. A very tall flower and a splendid exhibition variety. Each \$1.75.

Gaza. A beautiful flower on the border line between a Leedsii and Ajax. Broad smooth perianth, and symmetrical trumpet with a pleasing tinge of green at the base. Each \$1.00.

Kantara. An enormous flower but well finished and of high quality. Massive perianth of great breadth, and grand wide-mouthed trumpet of thick substance and marblelike texture. Very vigorous. Each \$7.50.

Kenbane. A late and immense flower of great substance; broad white perianth and ivory bell-mouthed trumpet. Each \$15.00

La Vestale. Ivory-white perianth of informal design; trumpet light yellow. Fine for small groups or naturalizing in light shade. Of delicate appearance but of good substance and lasts well. Often classed as a bicolor. 25c.

Miss Clinch. A beautiful large flower of excellent form and substance. Each \$1.00.

Mrs. Camm. An old, but fine sort with broad, pure white perianth and large creamy white trumpet; of medium height. 2 for 25c.

Mrs. H. D. Betteridge. A pure white flower of medium height. Broad, imbricated perianth; beautifully fluted trumpet. Each 25c.

Mrs. Ernst H. Krelage. A refined, creamy white or pale primrose trumpet and white perianth; trumpet of perfect form with reflexed mouth. Often called the white King Alfred. Each 30c.

Mrs. Robert Sydenham. Pure white, broad perianth of great substance; long, tubular trumpet beautifully frilled at mouth. Medium height. A refined and elegant variety. Each 30c.

Nevis. A flower of splendid quality, fine form, and beautiful finish. A pale bicolor on opening but soon passing to ivory white. Each \$2.00.

No. 8/5. An early, vigorous unnamed seedling from Nevis bred by Guy Wilson of Ireland. An appealing flower of excellent form and quality, having a little gold in the throat of the trumpet. Each \$3.00.

Peter Barr. Large, bold flower of beautiful symmetry and fine substance. Pure white perianth and large ivory-white trumpet of elegant outline. Strong grower of medium height. Each 30c.

Silver Glory. Large white trumpet nicely frilled at the edge, and a good white perianth. 3 for 50c.

Sybil Foster. A very fine, large, pure white flower of excellent quality, having very broad, overlapping, smooth perianth, and a long, bold trumpet. Each 75c.

Trappist. A glorious flower for cutting or garden decoration; very tall, vigorous, and free flowering; large and of fine substance. Pale lemon trumpet that soon passes to white. Each 50c.

White Emperor. For many years this has been considered the most perfect white Trumpet in both form and quality because of its marble-like smoothness and solidity of texture and classical symmetry of outline. It is indispensable to the exhibitor and breeder. Each \$1.50.

BICOLOR TRUMPETS

Division 1c. *Bicolor varieties, i. e., those having a white or whitish perianth and a trumpet colored yellow, lemon, or primrose, etc.*

Aeolus. Beautiful white perianth; very large yellow trumpet with beautifully frilled and recurved brim. An exhibition variety. Each 50c.

Empress. A reliable producer of well-formed flowers of strong contrast and good substance. An old but still popular variety. Dozen \$1.25.

Florence Pearson. Magnificent creamy-white perianth and cream-tinted trumpet. Strong and free flowering. Each 30c.

Glory of Sassenheim. Large showy flower with broad, imbricated creamy-white perianth and bright canary-yellow bold trumpet. Doz. \$1.50.
